PRODUCT DEMONSTRATION

A brief demonstration will be provided at time of install to show basic operations of your new appliance.

REMOVE AND RECYCLE

As part of our installation service, the installer can remove and recycle your old appliance as well, if required.

ASKO can arrange installation of ASKO washing machines, tumble dryers, dishwashers, and stacking kits delivered to the customer's premises within metropolitan areas of Melbourne, Sydney, Brisbane, Perth and Adelaide. Installation provided is based on a like to like replacement and does not include any structural work or upgrades to plumbing, electrical or carpentry work. This installation will incur fees and charges that will be advised prior to commencement of installation.

ASKO advises that the products to be installed are as per the ASKO installation instructions that are provided with each product. If an ASKO product is not installed in accordance with the instruction manual, this may affect the ASKO warranty offered. An ASKO installation means that the products will be as per the ASKO instruction manual. Service Fee will be charged to inspect or rectify ASKO product/s that has been installed by a person/company other than an ASKO or ASKO Service Agent.

ASKO hold no liability and will not be responsible for any damage, loss etc. to product/s other than those installed by ASKO or ASKO Service Agent.

ASKO Installation Includes:

- Unpacking and product readiness for installation. Inspection for any existing damage or visible defects.
- Disposal of packaging materials.
- Installation of ASKO stacking kits.
- Connection of the appliance(s) to existing water inlet and/or electric service (Water inlet and Electrical supply point must be within 1.5m of connections of the appliance).
- Insertion of appliance into designated location compliant to relevant standards and suitable for the product being installed.
- Levelling and securing your appliance where required.
- Testing your appliance to ensure proper functioning and use of functional demonstration.

ASKO Delivery & Installation

Inspired by Scandinavia
